TOPSoccer Volunteer Opportunities

Hello!

Thank you for considering TOPSoccer, **T**he **O**utreach **P**rogram for **Soccer** that enables children with physical and/or cognitive disabilities to play soccer. There are many ways you could have a positive impact on the TOPSoccer program and our special players.

Here are a few suggestions on ways you can get involved:

Become a Buddy
Buddies are our most valuable asset. They serve as a partner, mentor and friend to our players as they take the field. Buddies do not have to be soccer players or fans, they simply have to have a big heart and a smile.

Develop an existing program
Across TOPSoccer, there are many opportunities to bring your skills, talents and enthusiasm to help develop your local community program.

- They may include:
  - Development of adaptive activities
  - Development and expansion of the player, coach and buddy recruitment base
  - Translation of various TOPSoccer brochures and documents into different languages
  - Marketing or social media creation and updates
  - Community outreach and player recruitment opportunities

Start a new program
This is an intensive project that will require a strong dedication and a passion for youth soccer, but would make a fantastic project for a group to undertake.

- This project will include:
  - Publicity
  - Outreach to potential players
  - Securing a training site, coaches and buddies
  - Registration of players
  - Oversight of the program
  - Development of the program
  - Volunteer with Washington Youth Soccer

Please feel free to contact Washington Youth Soccer for more information on TOPSoccer, your local program and volunteer/project opportunities. For more information please visit: www.WashingtonYouthSoccer.org or contact Heather Turney, Member Services and Outreach Coordinator, at heather@WashingtonYouthSoccer.org or 253.944.1609.

Thank you for your interest, time and dedication,

Washington Youth Soccer and TOPSoccer
